THE PRESIDENT'S MESSAGE.

The Chicago papers of yesterday morning had a very full abstract of the Message, which enables us to present the following remarks upon its leading features.

The first topic treated is the financial crisis, and the President ascribes the wide spread distress and difficulty to what he calls "our extravagant and vicious system of paper currency and bank credits, inciting the people to wild speculation and gambling in stocks." He says that "it is the duty of the Government by all proper means within its power to aid in alleviating the the sufferings of the people occasioned by the suspension of the banks, and to provide against the recurrence of the same calamity. Unfortunately in either aspect of the case it can do but very little."

If it shall be necessary to sustain specie payment by the Treasury, a loan will be resorted to, and meantime, "while no useful government works in progress shall be suspended, new works not already commenced will be postponed, if this can be done without injury to the country.—Those necessary to its defence shall proceed as though there had been no crisis in our monetary affairs."

He thinks that if the States would—in his own language—"afford us a real specie basis for our paper circulation by increasing the denomination of bank notes first to $20 and afterwards to $50; if they shall require that the banks shall at all times keep on hand at least one dollar of gold and silver for every three dollars of their circulation and deposits; and if they will provide by a self executing enactment which nothing can arrest, that the moment they suspend they will go into liquidation, that such provisions, with a weekly publication by each bank of a statement of its condition, would go far to secure us against future suspensions of specie payments."

He recommends the passage of a general Bankrupt Law, applicable to all the banks in the Union.

He reports affairs with foreign countries as in a satisfactory condition, on the whole. He thinks the British Government wrong in its interpretation of the Clayton-Bulwer Treaty, but a new attempt is being made at a settlement. He thinks our commercial treaty with France might be improved in various respects. No progress has been made in settling matters with Spain—how could it be otherwise with such a Minister as Dodge acting for the U. S.? The President means to send out somebody else.

Our Minister to China is instructed to unite with the French and English Envoys in all *peaceful* measures to obtain justice.

He asks for power to use the army and navy to enforce the guarantee of neutrality on the Isthmus of Panama.

He is quite mealy-mouthed about the Walker Expedition, but thinks that "such enterprises can do no possible good to the country, but have already inflicted much injury, both to its interests and its character."

Some trouble has occurred with the authorities of Paraguay, which will be attended to.

Coming to matters at home, the Kansas question is taken up, and Mr. Buchanan shows his hand, and his entire subserviency to the Pro-Slavery faction of his party, by *justifying the Lecompton Convention* in their outrage in *refusing to submit their Constitution to the people!* The President maintains that the Convention was under no obligation to submit anything except the question of Slavery to the people. Our despatch states that Senators Douglas and Stuart, in the Senate, opposed Mr. Buchanan's view of the subject, and that the debate was opened in that body with spirit.

In relation to Utah, he declares the Territory in a state of rebellion, and recommends active measures for bringing it to submission, and the raising of four new regiments.

The organization of the new territory of Arizona is favorably alluded to.

The Pacific Railroad receives a favorable recommendation, non-committal as to route.

The financial statement is as follows:

" Balance June 30, 1856, and receipts during the year,	$88,532,839,12
Expenditures,	70,822,720,85
Balance on hand July 1, 1857,	$17,710,118,27
Estimated resources including above balance for '57-58	$75,389,134
Estimated expenses,	74,963,058
Estimated balance,	426,875,67

The amount of public debt yet unredeemed is only $2,565,154.

The Secretary of the Treasury expects the expenses to go beyond his estimate, and asks power to issue Treasury notes, and his request is endorsed by the President.

He thinks the Tariff had better be left alone.

He recommends the building of 10 small war steamers, at a cost of about $2,300,000.

With regard to the public lands, he recommends that when alternate sections are granted to states or companies, the intermediate sections be held for pre-emption by actual settlers.

He thinks the system of annual presents to Indians had better be abolished, and the tribes be colonized in particular localities, as far as possible.

Finally, he asks that Congress will grant him, at least two days before adjournment, in which to examine bills sent to him, in order that he may have an opportunity to act deliberately.

Our Representatives.

The *News* of yesterday makes a bitter onslaught upon our Representatives in Congress, singling out, for special abuse, Senator DOOLITTLE and Messrs. BILLINGHURST and POTTER. The first two are denounced as "renegades" and "traitors" because they refused to follow the Sham Democracy in their Pro-Slavery crusade, and the latter is characterised as an "Abolitionist," and "fanatic," for advocating the identical principles which the editor and proprietor of the *News* vehemently professed in 1848. The difference between Mr. POTTER and the proprietor of the *News*, is simply this: Mr. POTTER adheres to *his* principles, while Mr. SHARPSTEIN has "sold out" for a mess of pottage.

The *News* concludes its philippic thus:

> Let the course of Messrs. Potter and Billinghurst, therefore, be what it may, we wish it remembered at home, and known abroad, that they do not represent the opinions of the majority of their constituents. The Senators are but little better off.

And *we* "wish it known abroad," as it is perfectly well understood "at home," that our Senators and Representatives in Congress faithfully and truly represent the views and opinions of a large majority of the People of this State. WISCONSIN is REPUBLICAN to the core, and will so remain.

"Good News from Washington."

Under this head the *News* of yesterday, after announcing the result of the Democratic caucus for Speaker and other officers, thus proceeds to **felicitate the democracy:**

> That no disturbing question was entertained in the Congressional Democratic caucus, is most satisfactory. We knew that the great Democratic party is still harmonious. And it cannot be doubted that the few ultraists from the South, who have urged the acceptance by Congress of the Lecompton Constitution, will recede. All's right.

The *News* spoke too quick, just as it crowed too quick about the election. Our Washington advices show that there is a serious rupture in the Democratic party on the Kansas question, and that President Buchanan heads the one and Senator Douglas the other faction. This is, indeed, "good news from Washington," for it assures the triumph of the Right, and the Redemption of Kansas.

PIERCE CO. ASSEMBLY DISTRICT.—The Prescott *Transcript* brings the official canvass of the Assembly District of which Pierce Co. forms a part, and in which the member has been claimed by both parties. The figures are as follows:

Counties.	Cannon, rep.	Foster, dem.
Pierce,	278	191
Dunn,	219	97
Eau Claire,	203	131
Clark,	60	39
Town of Pleasantville,	17	3
Chippewa, no returns,	—	—
	776	461
	461	
Cannon's majority,	315	

No returns were received from Chippewa Co. Foster probably received in that county the full majority of his party, but if the figures had been received, Cannon would have still over 100 majority.

CURIOUS FACTS IN RELATION TO THE LATE STATE ELECTION.—The *Free Democrat* makes the following calculation, exhibiting a singular state of facts, as regards the vote of this fall;

The vote this fall as compared with last fall is as follows:

	1856.		1857.
Fremont,	66,090	Randall,	45,097
Buchanan,	52,867	Cross,	44,835
	118,957		89,032

The falling off in the Republican vote is 20,993 in the democratic 8,032. The Republican majority last year was 13,223 votes; this year the majority for Randall is 262. The number of Republicans who stayed from the polls above the number of democrats is 12,961. If to this we add the present majority for Randall, (262 votes,) we find the remarkable fact that the product corresponds precisely with the Republicans of last year, viz: 13,223. This coincidence is not more remarkable than significant. It indicates no change whatever in popular sentiment on the political issues of the day, but simply that the Republicans from some cause best known to themselves, chose to stay away from the polls.

THE PROPOSED NEW TERRITORY.—We find in an exchange the following boundaries of the new territory for the organization of which petitions have been sent to Congress:

> The new territory which it is proposed to organize, and for which the name of Columbia has been suggested, forms at present a part of Utah, and is familiarly known as Carson Valley. It embraces the region lying between the Sierra Nevada on the west, Goose Creek range on the east, Oregon and Utah on the north, and the Colorado on the south.

We cannot from the map trace these boundaries. Carson Valley is but a very small district, not as large as one of our counties. We presume that it is contemplated to bisect Utah Territory by a north and south line, and take the west portion for the new organization.

The region is represented as being extremely fertile, and abounding in gold, silver and copper. The white inhabitants number about eight thousand, while the Indians number over one hundred thousand, but are said to be friendly to the whites.

The people do not recognize the jurisdiction of the Mormon government, and are living in a perfectly unorganised state, without any constituted authority. They petition congress to have the district erected into an independent territory, as their position will not allow of their connection with Oregon, Mexico or California, and they are opposed to connection with Utah.

COMMERCIAL ENTERPRISE UP NORTH.—By the following from the Appleton *Crescent*, it will be seen that the people living along the lower Fox river and Improvement are looking forward to extensive commercial ventures. The Mr. Hutchinson alluded to, has recently purchased a large interest at Appleton:

> Mr. Hutchinson contemplates embarking heavily in a new and important trade, viz: the purchase of grain and flouring it on our Water Power, and then exporting it via Green Bay and the Welland Canal to Nova Scotia, where flour always commands a higher price than in the N. Y. market. Then load the vessel with choice lumber and ship to the West Indies; returning with a cargo of sugar, molasses and salt. In this way, making two trips round per year from Green Bay, via the Fox and Wolf rivers, the merchants of all the River Towns can buy their Sugars as low as at Chicago, besides an important saving in the item of transportation.

IMPORTANT FROM KANSAS.—If the rumor from St. Louis be well-founded, an important step has been taken in Kansas, by Secretary Stanton, in calling together the Kansas Legislature, lately elected, for a special session, to commence on the 7th inst.

Prince John Calhoun has issued *his* proclamation for voting on the Slavery Schedule on the 21st, and electing State officers on the 1st Monday of January.

A COURAGEOUS LITTLE GIRL.—A very destructive fire caused the greatest alarm in St. Petersburgh on the morning of the 5th November, and resulted in the loss of many lives, but has been the means of showing manifold instances of self-devotion and personal courage in saving life—among which is mentioned the efforts of a girl of ten years of age named Martha Moltschanoff, whose mother, in despair of being able to save her children, had already thrown herself out of the window on the fourth floor of her house, but who succeeded in effecting not only her escape, but the deliverance of her two youngest brothers, one of whom was only a year old, by her extraordinary courage and presence of mind. She has been rewarded by the Emperor with 400 roubles. Numerous bodies have been taken out of the ruins of the fire, but the full extent of the loss in property and life is not given.

CITY MATTERS.

GEO. VANDENHOFF'S READINGS.—We observe by our Chicago contemporaries that our neighbors of the "Garden City" are becoming quite excited over Mr. Vandenhoff's Readings. They are not content with one evening, but have invited him back, and he gives a second Reading this evening. He comes from there here, and we may expect such an entertainment, on Friday evening, as is not offered many times in one's life.

To hear Vandenhoff lecture on Poetry and read Shakespeare, should satisfy the most enthusiastic admirer of the tragic muse, and we look for even a larger and more appreciative audience than those which attended Mrs. Fanny Kemble's Readings of last winter.

We are informed by the Directors of the Association, that arrangements have been made, and that we may expect to see the veritable Mrs. Partington in Milwaukee, before many days.

We think that in Vandenhoff and Shillabe (the less known name of Mrs. Partington) our Association are answering, very satisfactorily, the inquiries for lectures that have been occasionally *speered* at them of late. Remember Vandenhoff to-morrow evening.

QUERE.—The following resolution, offered by Ald. KUEHN, was adopted by the Council at their last meeting:

> *Resolved*, That the several Railroad Companies of this city are hereby requested to furnish the City Controller with a list of all the bonds issued by this city, in aid of the construction of their Roads, stating therein the amount and the date of the issue of said bonds, their number, and the day of maturity of the bonds and coupons.

One would suppose that the City Controller ought to have, in his own books, a full and accurate list of every bond issued by the city, whether for Railroads or any other object. Or have the city accounts been so loosely kept that this information cannot be obtained from the Comptroller's office?

EXCELLENT PORTRAITS.—We saw yesterday, at the rooms of Mr. BOND, a very clever artist, a number of portraits of prominent citizens, which are not only remarkable as likenesses, but excellent as pictures. Mr. BOND has improved his natural gifts by foreign study and travel, and his portraits, in colour, expression and drawing, show a correct method, cultivated taste and practised hand. Mr. BOND's studio is in the third story of the Juneau Block, opposite the *Sentinel* Office.

POLICE COURT, Dec. 9th.—DRUNK—Michael Wrea fined $1.

STEALING FROM A DWELLING.—Two men named Lawrence Heep and Jacob Heep were examined on the charge of stealing 50 lbs of white lead, and one gallon of oil, from the dwelling house of a Mr. Holson in Wauwatosa, and required to recognize in $250 each for their appearance at the Circuit Court.

John Hill, convicted of stealing a paint brush from Adam Marks, worth 50 cents, sent to county jail for 15 days.

OFFICERS OF THE HOUSE.—Besides the Speaker, Mr. ORR, of S. C., the following officers have been elected:

Clerk—Allen, of Ill.
Postmaster—McClusky, of Ga.
Doorkeeper—Huckney, of Va.
Serg't-at-Arms—Glossbrenner, of Pa.
Printer—Stedman, of ———.

WAUPUN BANK.—We publish to-day the card of this institution, which has been recently re-established on a sure foundation by additions to its paid capital. Its list of officers and Directors embraces men of large capital and real worth, and we think it cannot fail to merit the confidence of all who deal with it.

CROCKERY.—The old and substantial firm of BLAIR & PERSONS invite attention to their stock from the famous Staffordshire potteries, which they offer at rates to suit the times. Customers will do well to make a note of it.

LATE PAPERS.—We are indebted to our fellow citizen, CHAS. GIFFORD, for late New York papers, a day in advance of the mail.

STATE PRISON SUPPLIES.—The Commissioner has postponed the time for opening proposals to Monday next.

AUCTION SALE.—This morning Caleb Wall has a sale of Dry Goods at his old auction room.

Marine News.

THE REPUBLIC.—The hull of the burnt propeller Republic has been towed round into the Cove at Sandusky by the steam-tug D. P. Rhodes of this city. Below water mark the hull is in good state of preservation, and could yet be turned to account; though we did not learn that any further disposition was proposed to be made of it. The raising of the Republic was performed by Capt. Tisdale, of the Cleveland shipyard, and consumed two weeks time.—*Detroit Tribune*, 7th.

Statement of the vessels that passed the Port Colborne Lock, Welland Canal.

Bound West—3d—Schooners Republic, Fair Wind, Cascade; 4th—Schooner W. H. Merritt.

Bound East—3d—Propeller Prairie State.

☞ The schooners H. C. Winslow and Ellen Williams, of Chicago, and the Isabel of Detroit, were towed up on Saturday. The two former passed on up yesterday, and will make the attempt to reach Chicago.—*Detroit Advertiser*, Dec. 7th.

☞ The Northern Transportation Company's propeller Young America arrived from Ogdensburgh to-day. She passed the Canal on Friday. She reports the ice all broken up, and vessels moving freely. She has 140 tons of goods, 90 of which is for Detroit, and the balance for Milwaukee and Chicago, for which ports she will leave this afternoon.—*Ib.*

ANOTHER DISASTER—LOSS OF THE PROPELLER NAPOLEON.—The propeller Napoleon, which recently went up to the assistance of the Dreadnought, is a total wreck. On last Wednesday night she struck a reef and bent her shoe, so that her engine could not work, and went on the reef at Saugeen. She was broken in two when our informant left, and has, no doubt, ere this gone to pieces. She is insured in the Northwestern for $4,000.

The Rescue and Leviathan have got off the Game Cock, and she is on the way down. The Leviathan has pulled at the Uncle Ben, but could not move her.—*Detroit Tribune* 7th.

U. S. STEAMER NIAGARA.—The frigate Niagara hauled down her colors, a few days since, and went out of commission. Some extensive improvements are to be made in her standing rigging, wire cable being substituted for the chains now in use. Her iron-work will also be thoroughly overhauled. Her officers will be absent for a time on leave. It is confidently believed, by those qualified to express an opinion, that the Niagara will be detailed to lay the telegraphic cable in the spring. The huge iron wheel over which it was paid out over the stern, still occupies its place—the net work around the propeller placed there temporarily to protect the cable from becoming entangled, has been removed.

☞ The Madison *Argus* has finally "caved" on Governor and State Prison Commissioner, and admits that the result as to Treasurer is "very close." Might as well give that up, too, neighbor.—*Fox Lake Journal.*

We are afraid that it has got to that. As we make it, Hastings' majority is 54.—*Argus.*

THE METEOR VANISHED.—An examination by Prof. C. U. Shepard, of the metallic mass recently found on the sea shore of Marblehead, and presumed by many to have been meteoric, proves it to be slag, from the copper and tin furnaces of Swansea, in Wales. Prof. Shepard remarks: "It is a very common species of ballast for ships, and is found the world over near navigable waters."

COMPLETED.—The new engine house of the Chicago and Milwaukee Railroad has been completed. It is a substantial structure, of Milwaukee brick, and will accommodate eight engines.—*Chicago Tribune.*

BY MAGNETIC TELEGRAPH.

Progress of the U. S. Troops to Utah—Battle—Special Session of Kansas Legislature.

ST. LOUIS, Dec. 9.

The letter to the Republican, from the Utah expedition, the main points of which were telegraphed yesterday, states that Col. Cook's command was 150 miles west of Fort Laramie, on the 3d of November. Thus far, the traveling had been pleasant and easy, but now the weather was growing colder, provisions getting scarce, and provender giving out; and it was apparent that great hardships were before them. Still, notwithstanding the threats from Salt Lake City, the entire army would proceed as rapidly as the settlements and the supply of food would permit, to the winter quarters marked out by Col. Johnson, on Henry Fork, of Green River. It is rumored to be the intention of Brigham Young, to fight the troops this winter, as the best chance for an equal conflict, and then, before reinforcements can be sent in the spring, to destroy all the Mormon possessions in Utah, and proceed to some other country.

The Democrat has received two letters from Kansas, containing two proclamations from Calhoun, specifying the manner of the election of the 21st inst., for submitting the Constitution to the people, and the first Monday in January for the election of State officers, and giving the names of Commissioners for each county.

At a mass Convention at Leavenworth, on the 7th ult., a resolution was passed, requesting the Territorial Legislature to meet at Lecompton, December 3d. The resolution was passed, under the belief that Stanton will recognize the Legislature so convened. A resolution, offered by General Lane, was unanimously adopted, pledging themselves that in case Stanton declined to recognize the Legislature, to put the Topeka Government in motion and stand or fall by it. A Democratic Convention is called for the 24th inst.

The Democrat learns from private sources, that Stanton has issued a proclamation calling a special session of the Legislature, to be held December 7th.

The Public Printing—News from Kansas.

WASHINGTON, Dec. 8.

At a caucus held by the Democratic members last evening, Steedman was nominated as candidate for printer, receiving 60 votes of the 100 present.

The New York correspondent says that Steedman and Banks held a written agreement for the division of the printing.

Steedman, though a personal and political friend of Douglas, is openly for the Kansas policy of the Administration.

The editor of the Leavenworth Journal arrived here this morning, and says that he, himself, and his pro-slavery friends intend waiting for the Free State clause to be submitted to the people.

He announces positively that Gen. Calhoun will pursue the same course, and is unreserved in his declaration to that effect.

He returns on Thursday to participate in the election.

Captain Walker, aid to the governor, received a letter from Secretary Stanton, stating that 5,000 to 10,000 votes would be polled, and these would be a decided majority for Free State.

Later from the Mormon War.

ST. LOUIS, Dec. 8.

An express passed through this city yesterday with dispatches from Colonel Johnson to Washington.

The Republican has received letters this morning up to Nov. 3.

The Mormons had run off 600 head of cattle from Colonel Hamilton's Camp, near Green River.

At the date of the letters, it was supposed that Johnson had concentrated his forces with Alexander. In a fortnight from that time, Col. Hook's command would be with them.

They expected to winter on Henry's Fork of Green River.

There was considerable suffering for want of provisions and clothing, and the horses were giving out for want of forage.

Gov. Cummings and the other officials had determined on getting into Salt Lake City, if possible.

The Mormons have determined to resist the entrance of either civil or military officers.

In a skirmish between Alexander's men and the Mormons, three-fourths of the latter were captured.

Destructive Fires at Philadelphia.

PHILADELPHIA, Dec. 7.

Messrs. Davis & Steel, forwarding warehouse; Livingston & Co., forwarders; Bainbridge & Sons, stables; Jeffries & Sons, coach spring factory, on Market Street above Eighth, were destroyed by fire early this morning.

Two dwellings on Grape Street were also destroyed, and other buildings adjoining were damaged. The Ringgold School-house, on the corner of Eighth and Fitzgerald streets, was destroyed by fire on Sunday morning.

Cincinnati, Dec. 8.

On Sunday afternoon, Frank S. McClure went into the store of B. T. Beattie and Anderson, for the purpose of talking over business matters with Beattie.

About one hour afterwards, McClure was seen to fall from the door to the sidewalk, and when picked up it was found that his skull was fractured. He died on Monday night.

Beattie before the Coroner's jury testified that on parting with McClure in the store and returning to the counting-room, that he heard a noise at the door and going there he found him on the side-walk. The supposition was that the deceased in passing out of the door caught his foot in something which threw him on the walk and inflicted the mortal injury.

Beattie was arrested last evening on affidavit of Samuel Mitchell accusing him of the murder of McClure by striking him on the head with an iron bar.

He was held to bail in $4,000. The parties are well known and highly respected.

NEW YORK, Nov. 8.

Five minutes after the President's Message was delivered from the Collector's office, a few minutes before 2 o'clock, the Herald extra appeared, containing the full Message and the report of the Secretary of the Treasury.

How the Herald possessed itself of these important documents in advance of their delivery to Congress, is unknown, but the fact that they were so obtained, furnishes a sorry comment on certain parties at the Capitol.

The Eve'ng Post announces that Jno. McKeon, the U. S. District Attorney, has been removed, to take effect to-morrow. The reason assigned was his refusal to support Wood for Mayor.

MOBILE, Dec. 8.

The ship National, of Bath, Capt. Boyd, from New Orleans for Havre, was totally lost near Havana—crew saved. She had a cargo of tallow and cotton, 335 bales of the latter was insured in New York and France. She was a new ship of 1,066 tons, belonged to Capt. Berry and others of Bath.

NORFOLK, Dec. 8.—The ship Eva Dorobba, Gatgear, from Bremen, bound to Baltimore, is ashore near Cape Henry. She had on board 280 passengers who, with the crew, were saved. The vessel will probably be a total loss.

A slight accident yesterday to the United States steam frigate Powhattan detains her five miles below here. The damage will be repaired and she will probably proceed to sea to-morrow.

ST. LOUIS, Dec. 5.

The Democrat learns that news had been received at Fort Leavenworth from Major Russell's train, that the Government animals were dying in great numbers on the Plains.

Gen. Hoffman, from Fort Laramie, last October, arrived here on Sunday night. He brings no news from Utah.

PORTLAND, Me., Dec. 8.

Congressional.

WASHINGTON, Dec. 8.

SENATE.—The Message of the President of the United States was received and read. Mr. Douglas submitted a motion for printing the usual number of copies of the Message and documents, and 18,000 copies thereof for the use of the Senate. He remarked that he concurred heartily and cordially in the views of the President, with the exception of that portion relating to Kansas and the action of the Lecompton Convention. At an early day he would express his views and give reasons why he believed that the people of Kansas had not been left, as the organic act declared, perfectly free to form and regulate their institutions in their own way.

Mr. Gwin offered a substitute, that all the printing be executed by the printer to the Senate, as at the last session.

Mr. Stuart concurred in Mr. Douglas' views respecting the Lecompton movement. At a future day he would speak on the subject, and insist, to the extent of his ability, that the people of Kansas should be treated like all others, and have the fullest opportunity to regulate and have such institutions as they wished to live under.

Mr. Davis concurred in the views of the President on the Kansas question and would await the promised remarks of Mr. Douglas before he expressed his own views.

Mr. Bigler gave notice that he should defend the position assumed by the President in the best of his ability, and that he would respond to Mr. Douglas.

Mr. Douglas accepted Mr. Gwin's substitute.

Mr. Hale spoke in opposition to the Constitution formed by the Lecompton Convention, arguing that it perpetuates slavery in Kansas, no matter whether the people accepted or rejected slavery.

Mr. Seward would be glad to hear the supporters of the President explain his position, for it seemed to him that the message was very lame and impotent in its argument on Kansas, and that something more would be required to satisfy the people than is contained in the document itself. He trusted that debate on this point would not be delayed long, for before we were aware of it there might be civil war in Kansas. After reviewing other parts of the message, he said he hoped that it would be understood that on Utah affairs Congress was substantially unanimous; that the world might be assured that the Government of the United States would not suffer its fame to be tarnished, its power insulted, and the lives of its citizens destroyed by an army entrenched, though it be in the Rocky Mountains, and under the Constitution of the United States.

Mr. Mason was free to declare that all information for the last six months, relative to Kansas affairs, had come from questionable sources. If he understood the President's position, and he thought he did, the President's position was impregnable.

Mr. Trumbull denied that the Legislature of Kansas had authority to initiate the Convention. It was, according to a speech once delivered in the Senate by Mr. Buchanan himself, an act of usurpation. Congress had repeatedly refused authority to the people of Kansas to form a State Constitution. Much had been said about popular sovereignty, but this now merely amounts, according to the expositor of the party, to giving the free white people of Kansas the right to determine the condition of a few negroes, while they are precluded from regulating their own institutions in their own way.

Mr. Brown said there seemed to be great anxiety to enter into discussion, and especially to find fault. They had heard the message imperfectly read by the Clerk, and therefore could not properly understand it. He asked Senators to pause and sleep on the document, before indulging in a debate which would go forth to the country over telegraphic wires, penetrating even to Kansas, and giving tone to public opinion on the premises not yet perfectly understood. He asked the Senators to reflect before taking their positions, and uttering sentiments under the circumstances to which he had referred in his motion. The Senate, then adjourned.

City Auction Room.

I GAVE NOTICE through our papers last week, that I had a large stock of Dry Goods from N. York, from Sixth Avenue, No. 320, corner of Twenty first st. The goods are all from New York, and no other place; and as regards the goods, there are not many fancy ones; so much the better. They are plain, substantial goods, which we all want every day in our families. The goods are now all opened in the store on the west side of the river, formerly occupied by J. L. Pierce, where they will remain for thirty or sixty days. It is no intention of mine whatever to open a retail store, although I have as much right to do as I please, as any one else has to do as he pleases. I have heard that several of our merchants complain that I am injuring the trade by selling goods so low. I would kindly say to those merchants that the goods are all paid for, and if they will come and purchase them of me at a reduced price, I will give them credit, provided they can give me good paper, endorsed six and twelve months; or I will sell the entire stock out, which amounts to twenty thousand dollars, on the following terms: One-fourth cash in three months—balance in one, two or three years, with seven per cent. interest, secured by a mortgage on property in our city. But I shall continue to retail the goods until they are all sold, and I would say to all of our citizens to go and get great bargains. There is every kind of goods you want at thirty per cent less than ever sold in this city before. Mr. Ayres has the entire charge of the said goods. I attend to all auction business at the old corner, and will give it that strict attention I always have done. Any one having stocks of goods to sell, I am ready at all times to purchase the same. Call on me.

THURSDAY MORNING, DEC. 10.

The Dubaye Case.

Many persons who had read the published accounts of the killing of Reynolds by Dubaye at Portage city, have been surprised at the disagreement of the Jury at Madison in the case. A perusal of the charge of the Judge renders it a matter of surprise to us that the jury hesitated five minutes to acquit Dubaye entirely. We copy a few paragraphs from the charge, as reported in the Madison *Argus*:

Now take him upon his possession, with the deceased together, how were they placed? And here, you must go to other things to find out the motive. At that time, from all the testimony, and all the circumstances, do you believe John B. Dubay had it in his mind to take the life of Wm. S. Reynolds? We might say that unless he had knowledge that Reynolds would be there at that time, he could hardly intend to kill him then and there. In regard to the threats, they were all conditional, all expressed upon a contingency, within the control of the deceased.—You could hardly speak of an act as premeditated, which depended upon an act to be performed by another. You see, gentlemen, the conclusion—I can hardly give it words; you will understand it, in your own minds and express it in your verdict. * * * * *

Some of the witnesses swear that Reynolds was not holding the stick as if about to strike, and that Dubay was not in immediate danger.—Peter Jesse puts the deceased in a different attitude, in one which was dangerous to the defendant. Now which is most natural. Imagine yourselves there, spectators of the scene. I said you were not to deal in imagination, but do so, so far as to imagine yourselves upon the spot where this transaction occurred. Reynolds seized and tore the stick off the fence, advanced towards Dubay who was in a rage, there were high words and threats of violence, Dubay with a deadly weapon in his hand pointed towards the deceased which the latter had once knocked aside with the stick—is it most natural to suppose that he would uplift it as if to strike, or lay one end of it on the ground, or lean upon it as on a crutch? You are to ascertain which is correct by asking which is most natural and reasonable. * * * * *

You may consider the character of the deceased as Dubay knew it. If he was a timid, peaceable, inefficient, unarmed man, and Dubay knew it, the belief is hardly justified that Dubay really feared for his life, or limbs even. But if he was a stern, determined man, with the means to seriously endanger Dubay, under the circumstances, and that this known disposition influenced Dubay's opinion of his own safety, it is not murder. * * * *

You may lay your hand upon a trespasser and push him off; but the law does not allow you to go so far in defense of property, generally, as to produce death. But if he assails your house, it is your castle, you may defend it by any means in your power, even unto death. You may defend your person from serious harm, and if you produce death, you are excusable. It is contended that Dubay had no reason to fear either of these. What you are to inquire is, what did he believe? Under all the circumstances, influenced as he was, the strife, the quarrel, did he believe the taking of Reynolds' life was necessary to protect his own life, his person from harm, his house from assault? If so, it is not murder.

Good Grit.—Forney, of the Philadelphia *Press*, thus far stands out manfully under the adjurations and rebukes of the Washington *Union*; at least he did until the 4th inst., when his paper contained the following slap at the *Union*:

We have only to say, finally, to the Washington *Union*, that we despise and reject its censorship. When it speaks of Abolition sympathies, it should look closely to its own household. We defend a great principle. We oppose no slave States fairly made. We resist wrong and fraud, whether exercised for or against the South. We stand by the author of the Nebraska bill.—Is he an Abolitionist? We stand by the Governor of Kansas? Is he a disorganizer? We follow the opinion that elected James Buchanan.—It was not false in 1856—it is not false now.—Supported by such authorities, we can afford to look down with ineffable contempt upon a newspaper which, like Tom Thumb before an audience of full grown men, imagines itself a king, when it is only the puppet of a set of grasping speculators.

A Bold "Organ."—The New York *Day Book*, which is about the only northern paper in Mr. Buchanan's interest which has the courage to avow doctrines in harmony with the late utterances of the Washington *Union* on the subject of Slavery, says:

"Negro subordination, or so-called slavery, is the basis, the foundation, the 'corner-stone of our republican edifice,' and the time has come when this must be openly avowed and boldly proclaimed as the distinctive badge of Democracy."

A Cloud in the North-West.—It is rumored that an edict has been, or is about to be issued by the Emperor of Russia forbidding foreign whalers to exercise their calling in the Ochkotsk Sea and other waters on the Russian coasts. If such an attempt is made by Russia it will, of course, be resisted by our Government. The whaling interest amounts to over $50,000,000 and has thus far cruised in these seas without question.

Don't Use Sealing Wax.—It is stated that notice has been given by the Postmaster of San Francisco that many letters arrive at his office from the Atlantic States via Panama, which are found adhering so closely together by sealing wax that it is impossible to separate them without mutilating, and, in many instance, entirely destroying the addresses. It is important, therefore, that persons mailing correspondence for California and other parts of the Pacific coast, via the Isthmus of Panama, should abolish the use of wax in sealing their letters.

The Late Mr. Jenkins.—It is stated that Mr. Jenkins, the member of the Lecompton Convention who recently died of *delirium tremens*, was the regular Kansas correspondent of the Charleston, S. C., *Mercury*.

Indian Slaves.—The St. Louis *Democrat* is informed by a gentleman just from Nebraska, that some Indians are now held in slavery by a citizen of that place. The holder of them is recently from Utah, where he purchased them from the Mormons, where Indian slavery is one of the adjuncts of the plurality wife system, and he now continues to hold them, doubtless, "in conformity with the Dred Scott decision."

☞ B. Gratz Brown, the able and well known editor of the St. Louis *Democrat*, who is accused by the New Orleans *Delta* of "spreading the leprosy of hireling labor" on slave soil, has received from the mechanics and manufacturers of St. Louis, a compliment of which any man might well be proud. The St. Louis *News* of Wednesday afternoon, says:

Yesterday a Committee, on the part of the mechanics and manufacturers of St. Louis, headed by Thomas Richeson, Esq., waited on Mr. Brown, at his residence, and presented him with a magnificent gold watch, of heavy material and rare workmanship, and chain to correspond. It is really one of the handsomest and finest watches we have ever seen. Inside the casing is the following inscription:

"Presented by the Mechanics and Manufacturers of St. Louis to B. Gratz Brown, as a testimonial of their respect for his valuable services in their behalf, in the Eighteenth and Nineteenth General Assemblies of Missouri."

Payment of Coupons.—The N. Y. *Tribune* of Saturday last has the following item:

The coupons of the outstanding $922,500 of the 1st Mortgage 8 per Cent Bonds of the La Crosse and Milwaukee Railroad Company, due 1st of November last, will be paid at the Broadway Bank on and after the 10th inst.

Milwaukee and Mississippi Rail Road.—We understand that this important Road has braved the financial storm, and by the skill and ability of one of the Directors, who spent two months in New York, has succeeded in funding nearly all its floating debt. Its business future brightens.—*Albany Evening Journal.*

The Integrity of the Republican Party Vindicated by its Opponents.

It is worth while for the members of the Democratic party, who have hitherto been deceived in relation to the oppression endured by the people of Kansas, to note well the accounts which their own party publish at the preset time of the frauds in that territory. Have the Republican papers for the three years published any "Kansas Outrage," intrinsically worse than the deliberate attempt of the Lecompton scoundrels, to deprive the people of the right of self government? They have not, and yet all that they did publish was denied and sneered at by the Democratic press, which now has the confession wrung from it, that the representations of the Republican press were true. A late number of the Philadelphia *Press* has the following significant confession:

"The first *fair election* in the Territory of Kansas took place on the 5th of October, 1857. Those which preceded it, though legal according to the forms, were controlled by the minority in the Territory, but were submitted to, inasmuch as no other alternative was left to those who objected to them."

Previous to October last there had been as many as *five* elections in Kansas, and yet we have high Democratic authority for saying that the election of October 5th, was the "*first* FAIR *election*." As each of these *five* fraudulent elections took place, and the facts concerning them became known, the Republican press declared them fraudulent, and published the most ample testimony to prove all they charged. How was the subject treated by the Democratic party?—The orators and organs of that party denied that there was any fraud in these elections, and all the painful narrative of the Border Ruffian reign of terror in Kansas, when Stringfellow and Atchison were leading on their land pirates to every species of outrage and atrocity, was pronounced "a Black Republican lie," and "bleeding Kansas" was sneered at, and the most honorable and heroic suffering in behalf of freedom and self-government, was derided by the same heartless demagogues, who now, that there is an opportunity for making political capital, are the most vociferous Kansas shriekers; and even Democratic papers confess, that three years having transpired since the organization of Kansas Territory, only last October, *one brief month since, witnessed* "THE FIRST FAIR ELECTION." Had the people at the North generally believed the story of the wrongs of Kansas Mr. Buchanan could not have been elected. The people were deceived, and the men who did most to mislead them are now confessing the deception, and, at the same time, showing that Mr. Buchanan was successful through false pretenses; and thus they vindicate the integrity of the Republican party. Our enemies are made to praise us.—*Detroit Tribune.*

Extensive Farming.—A correspondent of the Silver Creek Mirror says that Col. Jacob Carroll, of Texas, is the largest farmer in the United States. He owns 250,000 acres of land (near 400 square miles) in this and adjoining counties.—His home plantation contains about 8,000 acres, nearly all valuable cotton bottom lands along the Gaudaloupe river. On this farm he has over 900 acres in cultivation, on which he raises annually about 200 bales of cotton, worth at plantation $75 to $100 per bale, and 20,000 bushels of corn, worth $1,50 bushel. He has a force of about fifty field hands, and he works about sixty mules and horses, and fifteen yoke of oxen.

Col. Carroll has, on his immense ranges of pasture lands, about one thousand horses and mules worth $50,000; one thousand head of cattle, worth $7,000; six hundred hogs, worth $2 000; three hundred Spanish mares, worth $15,000; fifty jennies, worth $2,000; fifteen jacks, worth $9,000, and five stallions, worth $2,500.

Col. Carroll's property, in stock and negroes, is worth at least $150,000: and the value of his landed estates will swell the amount to over half a million of dollars. His annual income from the sale of stock amounts to from $5,000 to $10,000; and from the sale of cotton to $20,000.

The Dalton Divorce Case.—It is understood, says *The Boston Bee* of Nov. 30, that Mr. and Mrs. Dalton have been living together in retirement some four or five months, and that the former had become satisfied of the injustice of his charges against his wife. The discontinuance of the case was based upon the following agreement, signed by the parties, and placed on file in the court:

Suffolk, ss.—July 17, 1857.—Supreme Judicial Court.—Benjamin F. Dalton vs. Helen M. Dalton.—It is agreed that the proceedings for divorce in the above case now pending are to be discontinued and dischaged from the docket of said court, and all proceedings in said case to stop from this date, and be continued by neither party.

HELEN M. DALTON,
BENJAMIN F. DALTON.

Henry Ward Beecher and George W. Curtis.—In a lecture delivered by Mr. Beecher recently at Philadelphia, we find the following apology for Mr. Curtis's failure to fulfil his engagement there. The topic of the lecture was "The Causes of Success or Failure in Life." Mr. Beecher said:—

"With regard to Mr. Curtis's failure he felt called upon to say that Mr. Curtis requested him to act as his substitute. It happened, however, that Mr. Curtis was blest with one good gift, which was, a wide spread reputation, and another, which was still better, a good wife, and who had on that occasion given to him a son. And he would say to the audience, that if the son inherited the talents of his father and the beauty of its mother, the world would gain in that much more than they could possibly have lost in not being allowed the privilege of hearing the father of the child on the evening proposed."

PROF. DE GRATH.—We have been called upon during the past week by Professor Charles De Grath, of No. 39 South Eighth street, who has exhibited to us conclusive proof that he is the original inventor and manufacturer of the article known as De Grath's Electric Oil, the preparation and sale of which was long carried on by him in this city, while unconnected in business with any one. We feel bound to make this statement in justice to Professor De Grath, who is certainly entitled to whatever credit is due to the first introduction of this medicine.—*City Item, May 3d.*

The public here see what editors say about my genuine Electric Oil. The Professor would merely inform the public and his numerous customers throughout the United States, that he continues the manufacture of this celebrated Oil at the old stand, and though pushed to fill orders, he has put on extra force, and will soon have a full supply on hand. Rheumatism and other diseases are cured in a few minutes, by this celebrated remedy. REDUCTION IN THE PRICE OF THE
BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the

BADGER STATE SAFES,

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But, notwithstanding this, we are now enabled to offer our safes to the public at

AS LOW PRICES!

As any other safes manufactured. The following are the former and present prices of some of our safes:—

No. 1 Badger Safe,	present price,	$125,	former $150,
" 1½ "	"	160,	" 185
" 2 "	"	200,	" 225
" 3 "	"	275,	" 300

and so on.

The severe tests which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

☞ We wish to say to every person who reads this, that there is an article known as Dr. Sanford's Invigorater, or Liver Remedy, which can be relied on as certain to cure Liver Complaint in any of its forms, such as Jaundice, Dyspepsia, and numerous other complaints, described in another column, besides which, it is one of the greatest preparations or cures for consumption, taken in early stages, that is now known.

We take it for granted, as experiment has proved, that diseases of the lungs are not generally the first cause of consumption, but a debilitated system caused by the improper action of the liver, reduces the power of the lungs to resist or throw off diseases caused by cold and irritation, leaving the lungs at the mercy of one disease, because the liver has incapacitated them from performing their proper action of throwing off diseased matter caused by cold, thus to prevent consumption, cure the liver, and keep the system strong enough to throw off slight diseases of the lungs.

There is not in the world a better liver remedy, or a cure for debilitated system, than Dr. Sanford's Invigorater, for it has been fully tried in a large and extended practice, till its results are fully known, and now it is offered as a tried remedy, and one that can be relied on. GREAT TRUNK LINE!

LOOK AT ANY RAILROAD MAP to discover the peculiar advantages of this new and most direct Eastern Route.

No weary and sleepless nights, in cold and cheerless cars, stuck fast in SNOW DRIFTS, by this route.

The cars of this road are new, and of the most approved construction, and comfortably warmed.

This route leave leaves Cincinnati Eastward from the depot of the Little Miami Railroad, and passes through the Southern portion of Ohio. Between Cincinnati and Baltimore the distance is 598 miles, which does not vary one degree from

CINCINNATI TO BALTIMORE	$14,50
CINCINNATI TO WASHINGTON	15,50
CINCINNATI TO PHILADELPHIA	17,50

Private and Confidential Medical Advice.

AT THE MILWAUKEE Venerian Hospital, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. Barnes.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin Street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain in the head or bones, and all Mercurial Affections, and all impurities of the Blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B. makes no charge for short consultations.—Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.

"The Way to Make All Straight."

"The public all, they frankly state,
M. & P. go the way to make all straight;
And all who judge impartially may see
That M. & P. and the public well agree.
Buy M. & P.'s Tea, and put it to the test,
And you'll pronounce the leaf to be the best.
The *cousin to the moon*, who reigns in China,
Has never had a chance of tasting finer,
And his Celestial Majesty, no doubt,
Partakes of none but what is "out and out,"
The Teas of M. & P., being thus first rate,
Cause no complaints at all, but make all straight.
M. & P.'s coffees (as you're often told.)
Will bear comparison with any sold:
If you are "queer" in stomach, nerves or pate,
This whole some coffee soon will make all straight.
No cheaper articles can any buy,
Than those which M. & P. offer to supply.
This fact with perfect confidence I state,
In telling you how M. & P. make all straight.

MEDICAL.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.
IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

SANFORD'S LIVER INVIGORATOR

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness

One bottle taken for JAUNDICE removes all yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures, attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Hudson County Democrat.*

MEDICAL.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.
MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.

Three to four bottles are warranted to cure salt rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

THREE GREAT LIGHTS.
Mankind have long been engulphed in darkness, as regards the true means of securing health—ridding the human body from disease, and preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of probabilities and uncertainties. There is nothing certain or fixed in the treatment of the sick either in the old or new school of medicine.
Dr. Radway has succeeded in producing three remedies—known to the world as Radway's Ready Relief, Renovating Resolvent and Regulator. These remedies are of only established facts, inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as the have in all cases, "when tried," succeeded in restoring to health—and ridding the body from disease after all other medical treatment had failed—and the most skilful physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful mandate—incurable.
Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried", —"never denied"—and are ready "to be tried again."
FIRST GREAT LIGHT.
RADWAY'S READY RELIEF.
As a Special Remedy to be used in all cases where the human body is seized with the torturing pangs or paroxysms of pain—no matter what the cause of the pain may be, or where it may be located—an application of the Ready Relief, either internally as a drink, or externally as an alleviator, will, in a few minutes, restore the afflicted body to ease and comfort.
In all cases of Bowel Disorders, Dysentery, Cholera, Bloody Flux, Sick Headache, and other Nervous Affections, Neuralgia, Rheumatism, Sprains, Strains, Tooth Ache, Burns, Scalds, Wounds, Shot Wounds, Bruises, Cuts Poisoning, either by the bites or stings of Reptiles, Insects or Vegetable or Mineral Poisoning by accident—in all cases and under all circumstances where the human system is tortured by Pain, Radway's Ready Relief can be relied upon as a quick, safe and certain Remedy.
In cases of Billiousness, Billious Fever, Typhus Fever, Ship Fever, Yellow Fever, Fever Ague, Scarlet Fever, and all malignant Fevers, Small Pox, Measles, Pneumonia, Radway's Ready Relief, used in connection with Radway's Regulators, will cure the positively sick, afflicted with those disorders, and protect the system against sudden attacks when either of these malignant diseases prevail.
SECOND GREAT LIGHT.
RADWAY'S REGULATORS.
The discovery of these wonderful pills establishes a new era in purgation, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced—they operate naturally leaving the bowels, liver and other organs in a natural and a healthy condition.
They insure those who take them a good appetite and healthy digestion.
Each pill that is taken gives new life to the blood—they purify it, take from it all impure deposits, and equalize its circulation.
One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities, or weakening discharges, may rely upon a prompt cure and Regular Periods, if Radway's Regulators are taken.
Every dose of Radway's Regulators that is taken instils new strength within the body of the weak, feeble and infirm. All who take are delighted with the happy change they experience in a few hours. The dispirited and melancholy feel joyous and happy; the sick and debilitated, strong and vigorous.
THIRD GREAT LIGHT.
RADWAY'S RENOVATING RESOLVENT.
Cures Humors' Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Appoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission or inoculated by exposure or otherwise.
There is no remedy in the world that will work such miraculous cures in old diseases as Radways Resolvent. It changes the whole human body—reproduces new and healthy blood.
☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood Radway's Resolvent will soon remove the difficulty.
☞ Sarah Hammond, of 136 East Thirty-second St., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.
☞ A sore leg of 21 years, cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dalonega, Ga., says: "That a gentleman, who for 21 years had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators.
THE THREE GREAT LIGHTS
RADWAY'S RELIEF—REGULATOR—RESOLVENT.
In all constitutional diseases, and where the constitution is broken down, or the body in a rapid state of decay, or the system inoculated with the virus of disease, either by the violation of the laws of health, intemperance, excess and indulgence of the passions, or by hereditary transmission, as in cases of Scrofula, Consumption, Rheumatism, Gout, Fits and other heirlooms, which a long line of ancestry has so bountifully and richly bestowed on posterity, as a memento of the past, at the cost of the suffering inheritors. These Remedies, in their trinitary capacity, posses a curative power that no disease can withstand; their combined effect will eradicate from the living body every particle of diseased matter, renovate the whole system with health; *heal* the unsound, decaying lungs, or other organs; cleanse and purify the unclean from all impurities.
To the disabled wayfarer, who is crippled with infirmities we invite you "to try" these remedies. We will vouch for their efficacy.
With many hundreds of others who have witnessed and felt the effect of the "Three Great Lights," and as they rule and govern those bodies which they are destined by the Almighty Power, so these three Remedies stand as Rulers, Conquerors and Grand Masters of all diseases.
